

Reception Group Distance Learning Provision Spring Term 2.

Dear Parents and Carers,

Outlined below are the lessons your child could and should access if they are unable to attend school for a period during this month, due to self-isolation etc. We have outlined suitable lessons that match our curriculum for this half term. In Reception, the emphasis is on play-based learning so we would not expect your child to be sitting down for long periods of directed learning time. Please do not feel like you have to complete all of the learning below.

Please prioritise child-led play, conversations, short bursts of number practise and lots of shared stories.

Please note – this is NOT homework. This is suggested provision for your child only IF they are unable to attend school.
