PM session (16:45-17:45)					
H a l l			Intermediate Table Tennis <i>Ms Moura</i> (INVITE ONLY)		

[About SWChess](#)

Founded in 2015, we are a local chess club for juniors that is active in Kensington and Chelsea. We run school clubs as well as organising tournaments, holiday camps and weekly clubs. Over the years we have trained several children who have gone onto represent their country in international tournaments and many who have developed a deep appreciation for the game.

Chess can be beneficial in teaching important life skills such as: dealing with wins & losses, planning ahead, accountability for actions, analysing, reflecting and improving, learning to focus

Sessions:

Monday: Y4-6. Advanced/intermediate group for children that know the basic rules. Children will learn short term tactics and long-term strategy that will help them to win a game of chess.

Thursday: Y2-4. Intermediate/beginners' group for children that have some or no experience. Children will be split into two groups depending on their level.

[About Dancing Mindfulness](#)

Our Dancing Mindfulness Clubs run in Primary Schools across London and Hertfordshire.

Dancing Mindfulness use movement, music and mindfulness-in-motion to reach a place of greater awareness. The aim is to teach children about mindfulness and movement exercises that help reduce stress and anxiety and give them tools to understand and manage their emotions.

In our Dancing Mindfulness clubs, children learn and practice Mindfulness skills that can be used in everyday life, while also engaging in creative dance as a means of introducing, experiencing, and deepening their understanding of Mindfulness.

[About Mike's Judo Club](#)

Mike's Judo Club was established in 2018, under the talented supervision of Ramon and Kelly Alexander; the ultimate brother and sister Judo duo. With a combined competing experience of 18 years, Ramon and Kelly set out to share and teach their love of Judo to younger generations and have consequently been successful in running Mike's Judo Club; respectfully named after their father who encouraged their dedication to the sport. MJC's ethos is 'To cultivate discipline, compete with respect and create resilience.'

They're a fun and educational club with a focus on competing all around the world. They hold many industry leading titles under our belt from the British National Champion to the US Open, they compete with drive and confidence.

Code camp

Code Camp allows kids to hone their coding skills and keep practising through weekly sessions over the term!

Your child will learn to design adventure games jam-packed with awesome features including zombies, invisibility cloaks, and so much more. And then the real fun begins as we use coding and logic, from drag and drop JavaScript, to connect all the elements and bring their games to life!

Please see attached flyer for more info.
